Abstract. This study examines the role of lobbying in shaping environmental policy. It delves into the tactics used by lobbyists to influence policy decisions and assesses the impact of lobbying on environmental regulations. The article discusses the implications of lobbying for policy transparency and accountability, offering recommendations for balanced policy-making.

Keywords: Lobbying, Environmental Policy, Regulations, Transparency, Accountability

Introduction

Lobbying is a significant force in the development of environmental policy, with lobbyists employing various tactics to influence policy decisions. This study examines the impact of lobbying on environmental regulations, highlighting both positive and negative outcomes. The article discusses the implications of lobbying for policy transparency and accountability, suggesting ways to achieve a balanced approach in policy-making. By analyzing case studies and legislative data, the study offers insights into the complex dynamics between lobbying and environmental policy.
